**Attachments:** SHARPSCANNER\_20140722\_152924\_OCR.PDF  
  
**Importance:** High

Sharon:

See the forwarded message. I had tried to communicate to Diane (I believe shortly before she left) that, for the Elwha Water Treatment Plant NPDES permit (WA0026662):

- The cognizant official had changed, and
- The permit is, in fact, administratively continued (as stated in the attached letter), whereas ICIS shows that it is expired.

Could you please make the necessary changes in ICIS?

Thanks,

Brian Nickel, E.I.T.

**Subject:** Elwha Water Treatment Plant (WA0026662) administrative extension and contact info  
**Importance:** High

Diane:

I looked up the subject permit in ICIS today, and it states that the permit is expired (not administratively continued) and that the date for receipt of a complete application was 4/11/2007. This is not correct. As shown in the attachment, we received a new application on February 3, 2014, and determined that it was timely and complete, thus, we told the operator of the facility that the permit is administratively continued.

Also, I received a phone call from Mr. Mike Green with Veolia Water (the facility's contract operator) stating that Mr. Tom Hubbard is no longer the cognizant official. The new cognizant official is Mike Green, and his phone number is 503-807-5241

Thanks,

Brian Nickel, E.I.T.
